What does this mean?

Your Lagna and gains houses are very strong with 35 and 43 points respectively. This means you will have a long and healthy life and all your wishes will eventually be fulfilled.

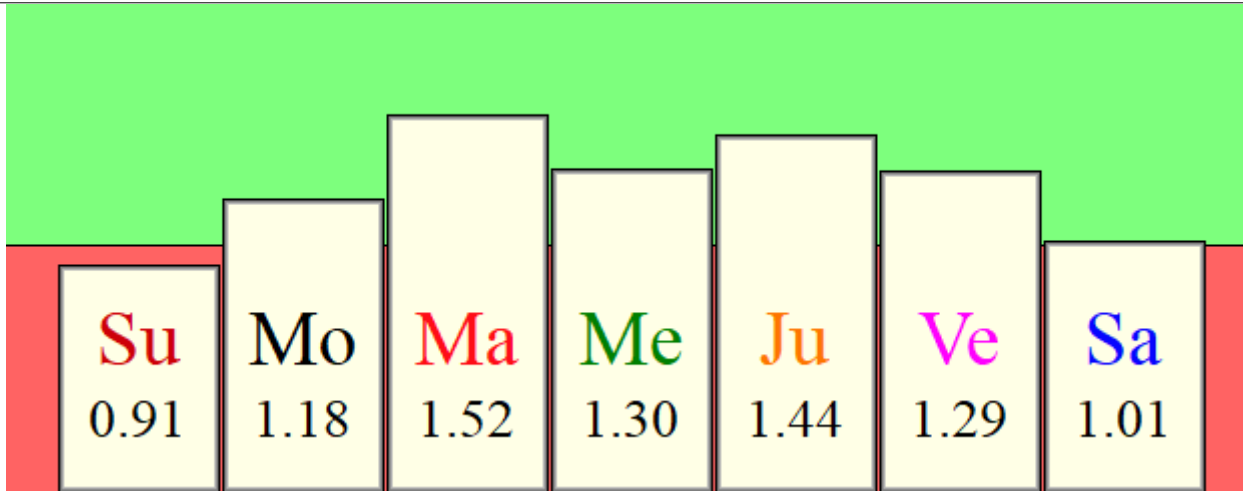

The least number of points are obtained in the 5th house indicating that speculative investments are not your cup of tea and your wealth will be obtained through hard work only.

As both 2nd house of savings and 11th house of gains have obtained a better score than the 12th house of expenses, both your income and your savings will always remain greater than your losses or expenses.

Lastly, Job suits you better than business as job house has more points.

ASHTAKVARGA POINTS

Ashtakvarga points are the score for how different planets are performing in Each house of the charts, More number of points means most planets are giving good result in that house. Same way we can check points for individual houses as well. Points here are mentioned according to the zodiac sign number.

MERCURY MAHADASHA ANALYSIS

Mercury Maha Dasha (2024-2041) - What to expect?

Mercury is one of your strongest planets, sitting in your fourth house of family and assets. As Mercury is exalted, it looks excellent. However, it is also important that Mercury is sitting with Sun as well as Rahu, which are two malefics and Rahu has the potential to negatively influence your Mercury. Moreover, analyzing the Navamsha chart, Mercury has completely lost its strength, becoming debilitated in the twelfth house. Therefore, remedies for Mercury become essential.

Mercury that is looking very strong in the Lagna chart may also deliver negative results, especially related to career, during the last phase of Mercury Mahadasha. As most of the planets are sitting in the tenth position from Mercury, the Antardasha of Moon, Jupiter, and Mars will have a major impact on your work life.

Right now, you are under Mercury Mahadasha and Mercury Antardasha, which makes Mercury super active until May 2027. As Mercury is also your Lagnesh, it is a very important planet for you, and exalted Mercury is giving you a tendency to be very confident and good at communication. Being the lord of Lagna and your fourth house, Mercury Mahadasha will help you create a lot of assets, including real estate and vehicles, especially during Saturn and Jupiter Antardashas.

Mercury Mahadasha can also bring a lot of wealth from foreign lands. Therefore, you must ideally try to build a source of income relating to foreign lands. It could be a multinational company or import or export of goods or providing a service to those settled abroad.

It will also be beneficial for you to move to a place away from your birthplace in order to attain success in your career. This is because Mercury is in the same house as Rahu, which represents foreign lands, and it is also going to the twelfth house in Navamsha, which represents foreign lands as well. During this time, maintaining a good relationship with your relatives is also advised, as Mercury is in your fourth house of extended family, and it also especially represents your aunts and daughter.

MERCURY ANTARDASHA ANALYSIS

1/2

Mercury Mahadasha- Mercury Antardasha (Dec 2024- May 2027)

The impact of Mercury will be intense during Mercury Antardasha. As Mercury is sitting in Uttara Phalguni Nakshatra of the Sun, it will also impact your third house of communication and travelling. Therefore, travelling and planting trees during this period will be especially beneficial for you.

The main profitable time of the Mercury period will be the Rahu Pratyantar Dasha, which will come in April. It will start on April 28, 2026, and last until 7th September 2026. This is the main period of growth and success, and if career-related decisions are made carefully without rush, this period can take you to a new height.

Also, as mentioned earlier, since Rahu represents foreign lands or foreign elements, in case your business or job is related to foreign connections, they will bring a lot of success.

Until the Rahu period arrives, you must keep doing the hard work without having much expectations, as both Moon and Mars are in the Gemini sign, which is not favorable for either of them. Therefore, highly favorable results cannot be expected.

The Moon Pratyantar Dasha may not go as per your expectations because the Moon is in Gemini, which is not favourable, and in the Navamsha also, it is not that strong. However, Mars is becoming stronger in Navamsha, sitting in your second house of wealth. Therefore, Mars Pratyantar will bring better results than the Moon adding to your wealth and but it will also bring some unexpected expenses.

MERCURY ANTARDASHA ANALYSIS

2/2

Mercury Mahadasha- Mercury Antardasha (Dec 2024- May 2027)

This shows that overall, Mercury Antardasha is indicating growth, which will be at its peak between April and September 2026. After September 2026, you must be careful because some sudden shocking event can be expected. You must also drive carefully during this time.

This is because Jupiter is debilitated in your Navamsha in the Capricorn sign, which is falling in your eighth house of sudden events. As Jupiter is also the lord of your business, some work-related secrets may get revealed, or there may be sudden, unexpected, and unfavorable developments during the Jupiter period from September 2026 to January 2027.

Therefore, you are advised to chant Vishnu Sahasranam during this time. Once this period is over, it will be followed by Saturn Pratyantar, which is equally risky, as Saturn is debilitated in your Navamsha again. During the Saturn period between January 2027 and May 2027, you must regularly apply mustard oil to your feet, and there may be some small obstacles at your workplace which you may have to deal with. But since Saturn is with Venus, wealth will also flow during this period. So, continuous struggle along with incoming wealth will continue during Saturn Pratyantar.

Overall, Mercury Mahadasha with Mercury Antardasha will be a favourable period, but expenses may rise a little, and there may be some unexpected events or parallel losses as well. However, your career will show a rising graph. You must also be very careful with your communication during this time. Working on your communication skills and polishing them is highly advised, which will add to your abilities and bring immense growth during this period.

KETU ANTARDASHA ANALYSIS

Mercury Mahadasha- Ketu Antardasha (May 2027- May 2028)

Ketu is present in the 10th house of your birth chart in the Nakshatra of Mercury. Ketu is sitting in a favorable sign and is also maintaining its good 10th house position in the Navamsha chart. This means that Ketu Antardasha has a huge potential to give favourable results.

However, expectations must be lowered, and the only focus should be hard work. Since Ketu is a planet of detachment and, due to its nature, it does not support ambitions or an overly ambitious attitude, you must work hard in your career and leave the results to fate. Having this kind of mindset will satisfy Ketu, and you will see surprising growth in your career.

As Ketu also owns your 6th house, you must take care of your health, as it may cause slight stomach-related issues. Other than this, your intuition will guide your path during Ketu Antardasha, and your career can reach a peak. Feeding stray dogs and fishes will be highly beneficial during this time, and keeping a respectful and peaceful environment at your workplace as well as at home is important.

The Pratyantar of Moon, Jupiter, Mars, Mercury, Sun, and Rahu will be favourable, whereas the Pratyantar of Saturn and Venus may bring some struggles and unfavourable results. The Saturn Pratyantar is from January 2028 to March 2028, and the Venus Pratyantar is between June 2027 and August 2027. During both these periods, issues related to debt, health, and enemies may surface.

The rest of the period between May 2027 and May 2028 is growth-oriented and favourable for you.
