### What does this mean?

Your career and gains houses are very strong with 37 and 38 points respectively. This means you will do very well in your career and all your wishes will eventually be fulfilled.

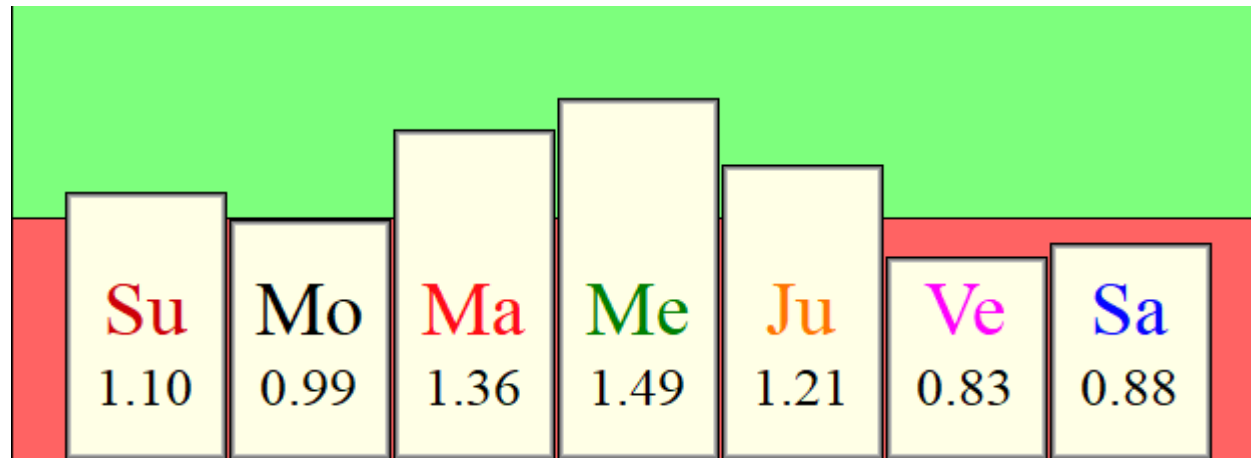

The least number of points are obtained in the 5<sup>th</sup> house indicating that speculative investments are not your cup of tea and your wealth will be obtained through hard work only.

As both 2<sup>nd</sup> house of savings and 11<sup>th</sup> house of gains have obtained a better score than the 12<sup>th</sup> house of expenses, both your income and your savings will always remain greater than your losses or expenses.

Lastly, Job suits you better than business as job house has more points.

## ASHTAKVARGA POINTS

Ashtakvarga points are the score for how different planets are performing in Each house of the charts, More number of points means most planets are giving good result in that house. Same way we can check points for individual houses as well. Points here are mentioned according to the zodiac sign number.

This chart also confirms the things that have already been mentioned in the ashtakvarga, your 10<sup>th</sup> house of career and public image and 6<sup>th</sup> house of job are the strongest. Therefore you must remain in a job and you will be well respected in the society.

This is also a good yoga to win an election or do well in politics as you will be supported by the masses.

# DASHA ANALYSIS- SUN MAHADASHA

## **Year 2026 - What to expect?**

Sun is seated in the first house of the birth chart in Capricorn sign in conjunction with Ketu forming a Surya Grahan. This is not an ideal position because sun is also being aspected by Saturn. This combination can give a person unnecessary anxiety and even ego issues sometimes. It can also impact the confidence level of a person. However, the sun is in Shravan Nakshatra of the moon, which is a good sign. This means that she will be able to overcome the negative impact of the position of the sun eventually.

During the Maha Dasha of the sun, she is undergoing a transformational phase because Sun is the Lord of the eighth house of transformation. This Maha Dasha has already taken her to a foreign land because of the moon's placement in the 12th house and moon being the Nakshatra Lord of the sun. This indicates that she will be highly successful once she leaves home and is settled in a foreign place but success won't come easy. There will be lots of obstacles in her path as a result of the aspect from Saturn.

It is very important for her to water the sun every day and avoid getting either over or under confident. This period is ideal for research work, learning, new things, finding new experiences that will help her later in life. She will also gain a tendency to be introverted and secretive in this period and there will be a few sudden instances in her life, specially during the Ketu antar dasha period.

# MERCURY ANTARDASHA ANALYSIS

## **Sun Mahadasha- Mercury Antardasha (June 2025- Apr 2026)**

Mercury is seated in the second house of her birth chart in aquarius sign. It is also combusted, which makes it less powerful. Moreover, it is located in the Dhanishta Nakshatra of Mars which is not a good thing because Mars is enemy for mercury. Because of this combination, she might face struggles with communicating and paperwork during this antar Dasha. There may also be miscommunication and quarrels with family members during this time, but these misunderstandings will resolve soon.

This is a favorable time for her in terms of earning, travelling and socializing. She can also do some savings during this period. It is important to take care of her food habits and think twice before speaking during this Dasha as mercury directly impacts a person's speech and something that she speaks in a humorous manner, may not be appreciated by some people who might create an unnecessary conflict because of this.

Overall, Mercury, Maha Dasha is favorable and important for her growth, fun and enjoyable experiences, and focusing on finances, but there could be challenges related to exchange of thoughts and ideas with family and at her workplace.

# KETU ANTARDASHA ANALYSIS

## Sun Mahadasha- Ketu Antardasha (Apr 2026- Aug 2026)

Ketu is present in the Lagna of her birth chart in conjunction with sun in the Capricorn sign, which is favourable for Ketu. As both Lagna and the sun symbolise one's head, and both are under the impact of Ketu, which is a cruel planet, there will be a chance of head injury during this period. Ketu is also located in the Uttara Sala Nakshatra of the sun, which is also not a good sign as Sun is an enemy for Ketu. Therefore, it is important for her to drive carefully, avoid riding a two wheeler and recite Ram Raksha Stotram on every Sunday for protection.

But on the other hand, it is important to mention that since Ketu is in the sign of Saturn, which is also a friend, it will not give an extremely major incident.

The Ketu period will push her towards introspection and even spirituality. Her nature to remain an introvert will get amplified during this time, but her intuition power will enhance which will help her in decision-making.

If possible, she must either feed the dogs regularly or donate blankets to the homeless during this Dasha for more beneficial outcome.

# VENUS ANTARDASHA ANALYSIS

## **Sun Mahadasha- Venus Antardasha (Aug 2026- Aug 2027)**

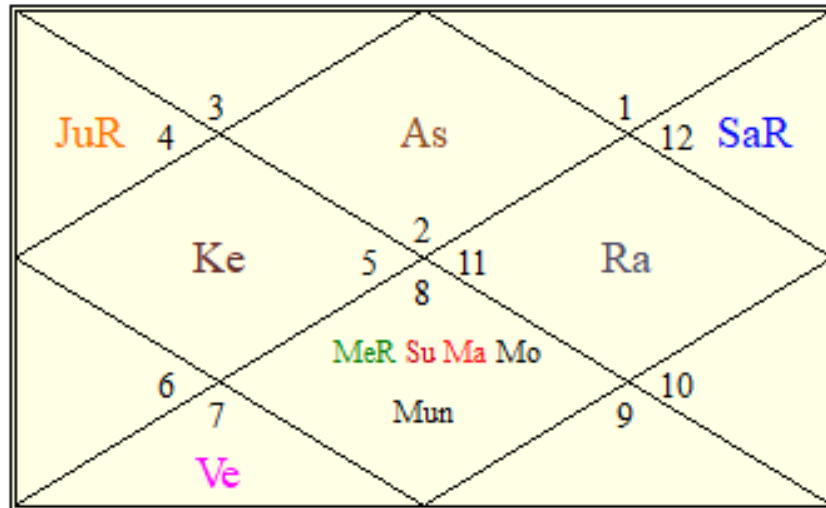

Venus is located in the Sagittarius sign in the 12 house in conjunction with the moon. It is located in Purva Shada Nakshatra, which is its own. This makes Venus very powerful and positive for her, specially because Jupiter is also expecting it. This is a time when she will receive a good foreign job opportunity, which will lay the foundation for her future growth.

This period will also enable her to showcase her talents, but mostly this time will be career centric an ideal for building a public image. It is also likely that she may find a partner or start a new relationship during this time. The partner will be most likely of a foreign origin and a contrasting background. She is also likely to have a love marriage later in life with a person of different cast and culture as Rahu is in her 7th house and the Lord of her fifth and seventh house (moon and Venus) are both conjunction together in the 12 house.

As Venus is in the 12 house from the sun, she is likely to spend more during this time, as her expenses will rise naturally. Foreign travel and vacation is also indicated during this period where she will create a lot of good memories.

# 2026 VARSHPHAL ANALYSIS

## **Year 2026 - What to expect?**

2026 is divided into two completely different energies for you. The year running till your birthday in November 2026 is powerful, action-oriented and materially rewarding.

After your birthday, the energy becomes more karmic, more internal, and slightly sensitive – especially in relationships and finances. So how you handle each phase will make all the difference.

# PHASE 1 Varshphal

Till 22 November 2026

## Year Lord Mars | Muntha in Scorpio

This is a strong year. And I mean it.

Mars is your year lord and it is sitting in its own sign in the seventh house. That gives authority, drive and courage. But what makes this year even more intense is the stellium in Scorpio in the seventh house – Sun, Mercury, Moon and Mars all together. This means partnerships, contracts, clients, spouse, public image – these areas will dominate your year.

You cannot sit quietly this year. Life will push you to engage. Career-wise, this is one of the best patterns. Rahu in the tenth house in Aquarius is excellent for unconventional growth, sudden elevation and professional recognition. And Saturn, being the sign lord of Aquarius, sitting comfortably in the eleventh house, is supporting gains. This is a classic combination for promotion, networking expansion and financial growth.

Jupiter exalted in the third house is a blessing. It is not just giving courage – it is blessing your efforts. And because it is aspecting the ninth and eleventh houses, luck and gains are protected. It is also aspecting that intense seventh house stellium, which means even if conflicts arise in partnerships, things won't break easily. There is divine cushioning.

# PHASE 1 Varshphal

Till 22 November 2026

So yes, this period till November 2026 is very strong for:

Promotion

Salary increment

Expanding business

Building reputation

Signing important contracts

But listen carefully – because Mars and Sun are involved, ego clashes are possible. Especially in marriage or close partnerships. If you react impulsively, arguments can escalate quickly. You must consciously soften your tone this year.

If you want to maximise wealth in this phase:

Be bold in asking for what you deserve.

Take calculated risks in career.

Don't hesitate to step into leadership roles.

Network actively – this is not a silent year.

Venus in the sixth house in own sign is also helping you defeat competition. If there has been any rivalry, legal matter or job insecurity, this year favors you. Now the slightly sensitive area – Ketu in the fourth house. This can bring emotional detachment from home matters. You may feel like changing house, selling property, or moving away from family for some reason. It can also simply mean emotional distance. Do not make impulsive real estate decisions without long-term planning. Think practically.

Emotionally, this is an intense year. Muntha in Scorpio makes you deep, observant and sometimes suspicious. Avoid overthinking. Not everything is a hidden battle.

Overall, till November 2026, this is a year to build. Expand. Claim your space.

# PHASE 2 Varshphal

Till 22 November 2027

## Year Lord Jupiter | Muntha in Sagittarius

Now after your birthday, the tone changes. Jupiter becomes the year lord and sits in the Lagna, which is generally protective and wise. But it is sitting with Mars and Ketu. So this is not a simple blessing year – it is a karmic maturity year. You will start questioning things. Your identity may shift. You may feel slightly detached from situations that once mattered a lot. Ketu in Lagna can make you feel misunderstood. Mars there can make you react sharply. So the biggest advice for this phase: control impulsive reactions. Especially in relationships. Venus becomes debilitated in the second house. This is where you must be careful with money. Expenses will rise. There may be spending on family, comforts, health or lifestyle. This is not a reckless wealth-building year. It is a wealth management year.

So from November 2026 onward:  
Avoid unnecessary luxury expenses.  
Don't lend large sums casually.  
Create structured savings.  
Avoid speculative investments.

# PHASE 2 Varshphal

Till 22 November 2027

## Year Lord Jupiter | Muntha in Sagittarius

Saturn in the eighth house with Moon can make emotions heavy. There may be anxiety, overthinking, or fear of sudden change. It does not indicate disaster – but it indicates emotional responsibility.

Rahu in the seventh house can create misunderstandings in marriage or partnerships. You may attract unusual people or feel confused about someone's intentions. Transparency is very important in this phase.

Sun in the fourth house can bring ego clashes with family members. Don't try to control everything at home. Sometimes silence is power.

Health-wise, after November 2026, take care of:

- Digestion
- Stress levels
- Blood pressure
- Head-related issues

The second phase is not bad – it is transformative. It teaches you detachment, financial discipline and emotional maturity.

# FINAL ADVICE

Sujata, your year begins with strength and expansion. Use that period wisely. Build savings. Strengthen your career position. Create stability before November 2026.

Because after that, life shifts focus from outer success to inner balance.

If you handle the first phase intelligently, the second phase will feel manageable – not overwhelming.

2026 is not a random year for you. It is a year of building power first, and then refining character.

And remember – planets indicate tendencies. Your awareness determines the outcome.
